

Cayey – April 25, 2025

The meeting was conducted in coordination with the municipal administration and aimed to present project updates, align objectives, and continue fostering collaboration at the local level. However, the attendance sheet for this activity does not contain two expected signatures due to an incident that arose during the meeting, as the mayor expressly requested not to sign. The matter was formally notified to PRDOH on the same day to ensure proper documentation and to keep the situation appropriately documented. All other records remain in order.

3.4. Anticipated Accomplishments for Next Report

At this time, no municipal meetings are scheduled for the upcoming reporting period. However, coordination efforts remain active, and outreach to municipal administrations is ongoing. The team continues to work toward securing future meetings in alignment with the project's objectives and timeline.
